1,500 troops who were red-bordered black epaulets, including some with artillery insignia. About 100 soldiers practiced rifle firing with live ammunition from earth bunkers in the training area southeast of the installation.

CIASSIFICATION SECRET

25**X**1

Comment. It appears that the barracks installation on Braunsdorfer

Strasse and the Pionier Kaserne are still occupied as was previously observed.

According to strength, service color and insignia,
the units in the Fliegerhorst Kaserne may be the light and medium regiment of
the 63d AAA Div which have not been located since the fall of 1953. So far,
the 688th Motor Trans Bn of the 7th Gds Mecz Div is held in the barracks install
lation along the road to Rauen.
